

NEW

ISO MINI COILS

► PRODUCT DESCRIPTION

The new PIPETEC ISO Mini Coils were specifically developed to meet the requirements of brick-and-mortar retail, modern end customers, and professional installers. They combine high product quality with maximum ease of use — all in a compact format.

They are based on the proven PIPETEC aluminium multi-layer composite pipe, whose five-layer structure stands for durability, dimensional stability, and hygienic safety. The factory-applied 6 mm PE insulation provides efficient thermal insulation and reliably prevents condensation — without the need for additional insulation on the job site.

The new mini coil solution in neutral ISO white is fully sealed in protective film, keeping it optimally protected during transport and on store shelves. With an outside diameter of only 490 mm, the coils fit easily into any car trunk and are simple to handle on the job site. This makes them the perfect choice for renovation work, single-room solutions, new installations, or quick repairs.

Thanks to coordinated pallet logistics, the products are not only shelf-ready, but also suitable for high-bay storage and parcel shipping. This makes them an ideal solution for retail.

PIPETEC ISO MINI COILS

INSULATED COILS

WHITE / 6 MM

GTIN NO. (EAN)	ITEM NO.	SIZE	OD / ID / HEIGHT	LENGTH	KG COIL	COIL	STORAGE SPACE
4260494170474	VRI1620615W	16 x 2,0 mm - 6 mm	49 / 32 / 15 cm	15 m	2,0 kg	15 x	30 x
4260494170481	VRI2020615W	20 x 2,0 mm - 6 mm	49 / 32 / 16 cm	15 m	2,0 kg	15 x	30 x

► BENEFITS FOR END CUSTOMERS & INSTALLERS

- **PRACTICAL SIZE:**
15 m coil — ideal for renovations and new installations
- **COMPACT DESIGN:**
Fits in any car trunk
- **EASY HANDLING:**
Flexible, dimensionally stable, and easy to install
- **READY TO USE:**
No additional insulation required – saves time and labor
- **NO CONDENSATION:**
The closed-cell insulation reliably protects against condensation on cold water pipes
- **SAFE AND HYGIENIC TRANSPORT:**
Fully sealed in protective film – protects against dirt and damage
- **RELIABLE INSULATION:**
ISO 6 mm, thermal conductivity only 0.040 W/mK – saves energy and protects against heat loss
- **PROVEN PIPE QUALITY:**
Manufactured from the PIPETEC aluminium multi-layer composite pipe, used millions of times
- **SYSTEM APPROVAL:**
Fully tested and approved with the complete PIPETEC system of press, compression, and push fittings
- **MADE IN GERMANY:**
High manufacturing quality with a clear origin – reliable, durable, precise
- **NEUTRAL AND MODERN:**
New surface in ISO white – high-quality and unobtrusive for visible installations

 Two disposable pallets stacked on top of each other per pallet storage space

► BENEFITS FOR RETAIL

- **HIGH-SELLING RETAIL PRODUCT:**
Compact 15 m coils designed for retail – ideal for renovation projects, new installations, and quick replacement jobs
- **HIGH-QUALITY PRODUCT BASE:**
Manufactured from the proven **PIPETEC-composite pipe** – used millions of times – highest quality and reliability “Made in Germany”
- **GROWTH MARKET FOR INSULATED COMPOSITE PIPE:**
The market for insulated composite piping systems continues to grow strongly — retailers benefit directly from an expanded product range
- **HYGIENIC AND SAFE FOR TRANSPORT:**
Fully sealed in protective film — optimal protection against dirt and mechanical damage during transport, storage, and presentation
- **PALLET-OPTIMIZED FOR HIGH-BAY STORAGE:**
 - Two pallets per storage space, each 95 cm high, stacked to a total height of 190 cm
 - Suitable for high-bay storage — efficient for central warehouses
- **PARCEL-SHIPING READY:**
Thanks to compact dimensions, easy to ship via DHL, GLS, DPD, Hermes, or UPS — ideal for decentralized deliveries
- **OPTIMIZED STORAGE:**
Outside diameter of only 490 mm – extremely space-saving at the point of sale
- **NEUTRAL AND MODERN:**
New ISO white colour — reduces product variety on the shelf while creating a professional and timeless appearance
- **ATTRACTIVE PRICE SEGMENT:**
Shorter coil lengths mean a lower individual product value – ideal for customers with strong impulse-buying potential
- **EASY HANDLING FOR PROFESSIONALS:**
Perfect for small projects, retrofits, and service teams
- **BARCODE LABELING:**
Clear packaging and coil shape ideal for labels with reliable GTIN identification
- **PRODUCT RANGE DIFFERENTIATION:**
Unique product features in the competitive retail environment
